

STARDUST COLORS

Special effect pigments for automotive custom paint, design and decoration

Certification of Analysis

Trade Name:

Pigment appearance:

Chemical Composition: SrAl_2O_4 : Eu^{2+} , Dy^{3+} , K_2SiO_3 (For water-resistant layer)

Chemical name: Strontium aluminate

Ingredient	CAS No.	Content (%)
Aluminum Oxide	1344-28-1	20~50
Calcium Carbonate	471-34-1	0~20
Strontium Carbonate	02/05/33	30~60
Boric Acid	10043-35-3	1~6
Didysprosium trioxide	1308-87-8	0~1
Dieuropium trioxide	1308-96-9 0.	02~1

We hereby certificate that the above product is composed of the following ingredients and that does not have any other components.
