

CT Colour Directory – Envirobase High Performance & Deltron Progress New

This version of the CT Colour Directory is a source of colours relating to Envirobase High Performance and Deltron Progress New paint lines only

The directory lists Commercial Transport colours in alphabetical order by source/manufacturer (Pages 3 - 165).

An index of source/ manufacturers can be found on Page 2

- Under each source/manufacturer the colours are listed in code order, numerically starting 1xxx, 2xxx, 3xxx etc. then alphabetically.
This includes all usage type, i.e. chassis, bumper colours are not listed separately.
- Where there is no source/manufacturer code, colours are listed at the end of the section in numerical Brand code order. In most cases this is also equivalent to First Year date order.
- The colour box reference indicated is as follows –
