Technical Data Sheet TDS

Description

S 750 Degreaser is a preparation product especially designed to remove dirt, oils, waxes, silicone and other contaminant agents from bare metal areas before painting.

It performs very well at all temperatures and with any kind of job.

It facilitates preparatory work on large area.

It is based on aromatic and alcohol solvents mixture developed to remove mould release and other surface contaminants.

Use

Clean surface with water and soap.

Wipe dry with clean cloth or blow dry with air.

Degrease with S 750.

Wipe surface to loosen and lift contaminants. Immediately, thoroughly wipe off with a clean cloth.

Close container after use. This prevents the cleaner to evaporate and to lose strenght.

Surface Cleaner
